Date: 6th April, 2024.
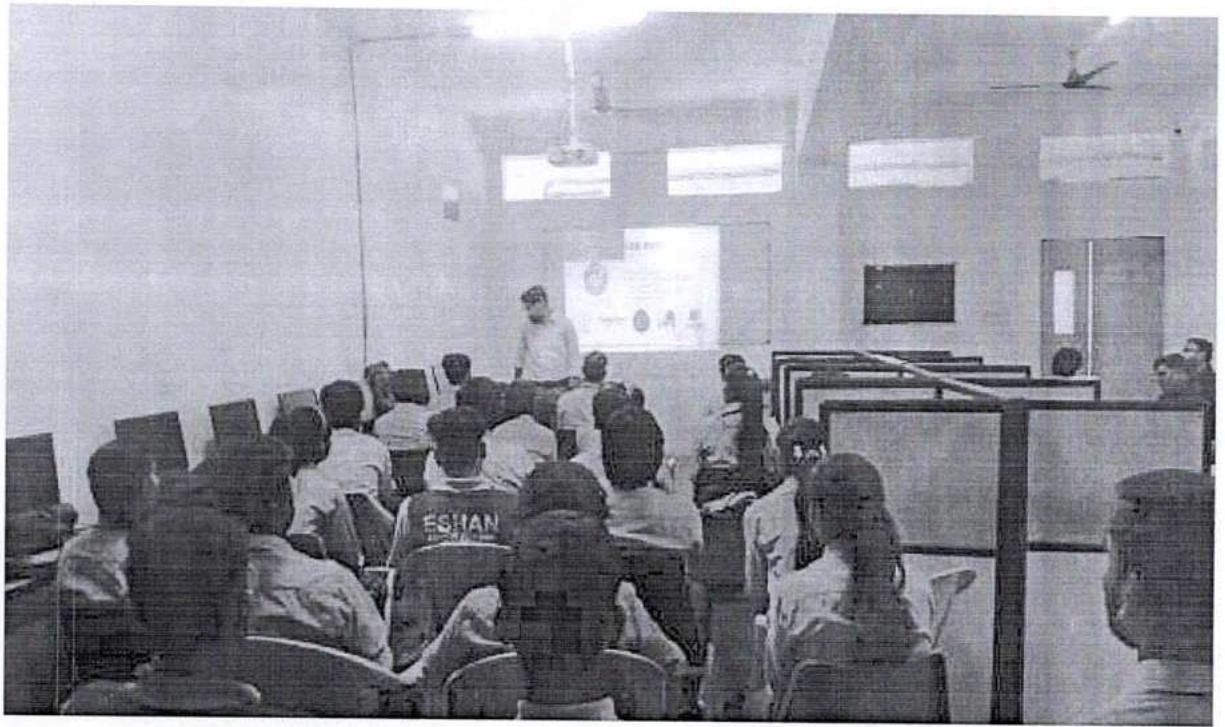

Report on Alumni Talk on "Insights of Generative AI"

The Department of Computer Science and Engineering, Eshan College of Engineering, conducted an Alumni Talk on 6th April, 2024 (Saturday). The topic for the session was "Insights of Generative AI". Mr. Shiva Vashishtha, Data Monitoring Analyst, Schneider Electric was the key speaker who visited the college and interacted with the students.

The anchor Shalu Chaudhary welcomed our key speaker with an addressing note. The session was then proceeded by our speaker, Mr. Shiva Vashishtha who shared the deeper aspects of AI. According to him, AI is taking over this fast pacing world and how it is beneficial for the human race and others. He motivated the students to emphasize on quality rather than quantity especially while building a resume. He shared the power of AI and the ways it can help build a stronger present and future. He also shared the links to the various modes students can practice and at for aptitude and coding purposes.

The duration of the session was around one hour which also included a round of student's queries which were efficiently answered by the speaker. A vote of thanks was delivered by given by Vanshika Singh.

Among the session attendees were the Director, Head of the Department Computer Science and Engineering and, Faculty members of CSE Department and the students of B.Tech (II,III and Final Year) CSE.
