

About the College

Located at Agra Mathura Highway, Eshan College was established in 2009 with a lush green campus over 11.52 acres. It serves those students who are interested to pursue their careers in Engineering. It was established with the aim to constantly develop the excellence of education, raise the aptitude of our students, to facilitate & embark upon a successful career. It not just caters the academic excellence but also empowers its students with immense exposure, qualified pedagogy, excursions, competitions, internships, live projects, and extracurricular activities. It believes in the holistic development of its students rather than one-dimensional development.

About the Seminar

Research ethics defines the way to incorporate ethical principles into research practice in all stages of the investigation, from planning and inception through to completion and dissemination of results. Maintaining ethics in research and publication is of paramount importance in academics. This seminar aims to deepen the student's understanding of moral philosophy employing a thorough investigation of available literature in the field.

Students will also understand the ethics need to consider when going for publication their results. So, to spread the awareness of Publication ethics across students of various departments of the institute, Eshan College of Engineering is planned to organize seminar on "Research Methodology – Understanding Publication Ethics" on 20-21 June 2022.
