

## **ESHAN COLLEGE OF ENGINEERING, MATHURA**

Approved by All India Council for Technical Education, New Delhi (AICTE)  
Affiliated to Dr. A.P.J. Abdul Kalam Technical University, Uttar Pradesh

# **Establishment of CAD Laboratory**

## INTRODUCTION

CAD/CAM (computer-aided design and computer-aided manufacturing) refers to computer software that is used to both design and manufacture products. CAD is the use of computer technology for design and design documentation. CAD/CAM applications are used to both design a product and program manufacturing processes, specifically, CNC machining. CAM software uses the models and assemblies created in CAD software to generate tool paths that drive the machines that turn the designs into physical parts. CAD/CAM software is most often used for machining of prototypes and finished parts. In a globally competitive environment, time compression strategies in product development are of critically importance. Certain products have long development cycle times. Examples are aircraft and automobiles. In some of the products like computers, technological obsolescence puts a constraint on the product development time. The drawing and design software represents the most prominent concerns of developers of computer systems, and was the development of several software that fall within the design concept computer (Computer Aided Design), which is referred to as short term CAD. It was this software with two, including directions what general, including what is a specialist in one of the engineering fields such as mechanical or electrical or electronic, construction and architecture, some of which is advanced in the adoption of the principle of geometric modelling. The concept of manufacturing computer includes all the activities involved in the planning and control of production in different factories, such as digital control computer (Computer Numerical Control: CNC) and the leadership of human industrial automation(Industrial Robotics) and planning of production processes (Process Planning) and the overall layout of the plant, including so planning tables productivity and material requirements planning, and production capacity in modern manufacturing technology. Keeping this mind Eshan College of Engineering and Technology has decided to provide and built the necessary infrastructure to give its students a hands on experience on the latest technology of CAD which is currently in demand. It was this motive which gave a reason to establish the specialised laboratory in CAD for Mechanical, civil and electrical students.

## ABOUT ADVANCED COMPUTER-AIDED DESIGN AND DRAFTING LABORATORY

Highly advanced software-equipped Computer-aided design and drafting (CAD) Centre. CAD Lab. helps in training the students as per the requirement of the industries. The CAD Lab caters the need to conduct UG and PG laboratory classes for their course work. Students from various Departments do use this facility for their academic and Research work. The CAD lab. has 28 latest computers with various software to facilitate the students for their academic work. Students utilize this laboratory for their research work. The following trainings are provided branch wise in the laboratory as shown below:

**Mechanical Engineering:** Specialized software for Mechanical Engineering program on which students are being trained

- AutoCAD
- Catia
- Creo

- Solid work.

**Civil Engineering:** Specialized software for Civil Engineering program on which students are being trained.

- AutoCAD
- 3ds Max
- Staad Pro:

To maintain the facilities (Hardware and Software), a dedicated technical person has been hired who is looking after the lab. Most of the software's have been acquired with a good number of user licenses to meet the needs of a large number of students and researchers. The laboratory is kept open from morning till night for the benefit of the users. Internet facility is also available in the laboratory for the better use of the software by the high end users. The software is updated periodically.

**Configuration and Specification:** The table shows the technical specifications of the laboratory and the configuration of the computers acquired.

Technical Configurations and specifications of the CAD Lab.

Monitor Make	Acer
Monitor Type	TFT
CPU Make	i5
Micro Processor	Intex
RAM	16 GB
SSD	240GB
Keyboard Make	HP
Mouse Make	HP
Graphic Card	4Gb
HDD	1TB
OS	Windows 10 (64)
Antivirus (QHT)	Quick Heal

# ईशान कॉलेज ऑफ इंजीनियरिंग एंड मैनेजमेंट में कैड केंद्र का शुभारंभ

आगरा। फरह स्थित ईशान कॉलेज ऑफ इंजीनियरिंग एंड मैनेजमेंट में अत्याधुनिक सॉफ्टवेयर से सुसज्जित कंप्यूटर एडिटेड डिजाइन एंड ड्राफ्टिंग (कैड)

केंद्र का उद्घाटन मंगलवार को सूक्ष्म, लघु एवं मध्यम उद्यम मंत्रालय (आगरा) के संयुक्त निदेशक टीआर शर्मा ने किया। श्री शर्मा ने बताया कि कैड लैब छात्रों को इंडस्ट्रीज की मांग के अनुसार प्रशिक्षित करने में सहायता करेगी।

संस्था के चेयरमैन सक्षम अग्रवाल ने कहा कि इस कैड लैब की तुलना प्रदेश के सर्वोच्च संस्थानों से की जा सकती है। निदेशक डॉ. पंकज शर्मा और डीन राजीव विश्वकर्मा ने बताया कि मैकेनिकल छात्रों को लैब में प्रशिक्षण दिया जाएगा।
