Dear,

I just wanted to say thanks for your help to our NGO "RIWAAZ". Your Institution Eshan College of Engineering played an important role in spreading awareness among the society related to "Adults with physical disabilities".

The time and effort which you have put in this activity truly couldn't have been done without your sincere participation.

Thanks again!

Regards,

It was indeed a moment of pride for us at **KOSHISH FOUNDATION** for the benevolent step taken by Eshan College of Engineering with their team of volunteers (Faculty and students) to conduct sessions for the deprived section of society targeting the children of slums and clusters to impart primary educational skills to them. A team from Eshan College of Engineering really deserves applause and appreciation for the humanitarian step taken and setting an example for others to get inspired.
