

A report on activity

Web Development using PHP

Under MoU between Eshan College of Engineering and i-diary IT Solutions

Date of event: 26-03-2022

Details of Activity:

A training session on **Web Development using PHP** was organized in the campus of Eshan College of Engineering, Mathura on 26-03-2022. The students of B.Tech CSE and EE (3rd and 4th year) have attended the session.

Outcomes of the activity

1. Understand the PHP framework functionality.
2. Efficiently use syntax of programming in PHP.
3. Develop dynamic and interactive web pages.
4. Integration of back-end database with front-end web pages.
5. Aware about recent career opportunities in the field of web development.

Summary of the activity

The session was inaugurated by Mr. Vyom Kulshreshtha Head Computer Science & Engineering. The welcome speech was presented by Mr. H. K. Sharma coordinator of the session. The guest speaker of the event was Mr. Jayesh from i-diary IT solutions, Agra. During the session he elaborated key concepts of PHP through presentation skill. He also discussed the career opportunities in the field of web development. Subsequently hand-on session was conducted where students learned to create web pages and integrate them using the framework.

At the end of the session students and coordinator shared their experience. The feedback from students was taken. The session was concluded with vote of thanks proposed by Ms. Priyanka Asthana, Assistant Professor, CSE.

Eshan College appreciates the efforts of Mr. Jayesh and his team of i-diary IT Solutions to provide such unconditional support to organize the session. The youth enriched in terms of imparting skills of web development.

Vyom Kulshreshtha
Head, CSE

This activity was organized under MoU between Eshan College of Engineering and i-diary IT Solutions, Agra. It strengthens the collaborative initiatives undertaken by these two organizations.
