Dr. Ghanshyam Shrivastva
Director

Eshan College of Engineering, Mathura

(Approved by AICTE, New Delhi / Dr. A.P.J. Kalam Technical University, Lucknow, Uttar Pradesh)

Report of Add-On Certification Course

Department: - Mechanical Engineering

Name of Certification Course: - Renewable Energy: Fundamentals & Developments

Time Duration: - 30 Hours

Date: - 23-08-2018 to 07-09-2018

Course Fee for Students : Free of Cost

Registered Students: - 88

Present students: - 88

Course outcomes: - Sustainable development would require transition from fossil fuel based procurement of energy to renewable energy (RE) development. But total transition from fossil fuel to renewable energy is becoming midcult, mainly because of the economic constraint coming in the way of their large scale application. However, considering the problems faced on fossil fuel use, from the depletion of this very resource itself, as well as of environmental degradation from carbon equivalent gases emission inducing global warming, RE systems may emerge to be competitive with fossil fuels, if the social cost of the latter are taken into account.

The efforts of the College to give such add-on qualifications and skills to the students besides their fixed University Academic Courses, is hereby appreciated and look forward to rendering our services to our young, animated and potential minds, ensuring that our collective efforts in upholding the central holistic objective of our education system is accomplished.

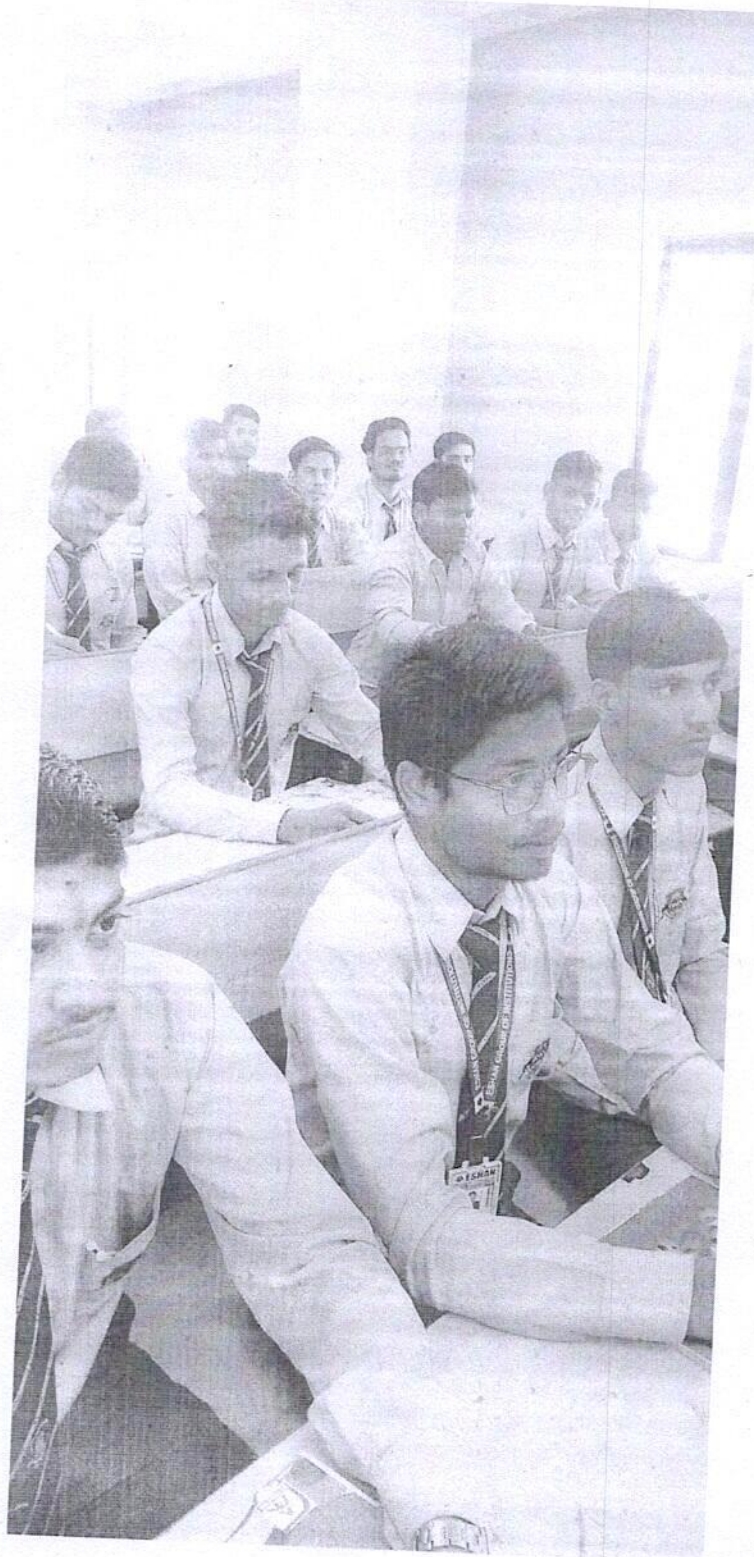

Er. Sandeep Gupta
Head of Department
Mechanical Engineering
Farah Mathura

Eshan College of Engineering, Mathura
