

## Detailed Report

**Activity- "Blood Donation" (24.10.2018)**

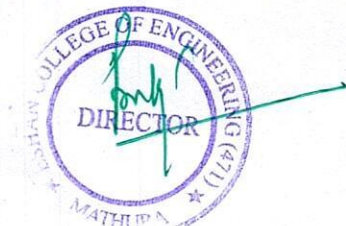

**Scheme- Blood Donation**

**Organized by- Samarpan Blood Bank (Unit of Samarpan Samiti), Agra and Eshan College, Farah**

Donating blood has benefits for your emotional and physical health. According to a report by the Mental Health Foundation, helping others can: reduce stress, improve your emotional well-being, benefit your physical health, help get rid of negative feelings and provide a sense of belonging and reduce isolation. Research has found further evidence of the health benefits that come specifically from donating blood. In order to give blood, you are required to undergo a health screening. A trained staff member performs this check-up. This free mini-physical can offer excellent insight into your health. It can effectively detect problems that could indicate an underlying medical condition or risk factors for certain diseases.

On 24th October, 2018, Eshan College of Engineering, Farah, organised a "**Blood Donation**" camp in association with Samarpan Blood Bank, Agra. The camp was organised by the faculty to help the Thalassemia patients. The camp took place in the playground of the college. The Director of the school had invited medical expert to be the chief guest for this function. The function started around 9 o'clock in the morning, with the Director donating blood. 35 senior students of the school too participated in the program. Apart from students, many common people also participated in this. The blood collected from this camp was to be given to the Government Hospital.

The college had arranged for refreshments for those who donated blood in the camp. Students and other people who had participated in this blood donation camp were given certificates and a small gift hamper. To watch over the entire process and to collect the blood, a team of five doctors were put in charge. The college had also arranged for a resting room for anyone who felt dizzy or sick after donating blood. Volunteers from a local club also had come to help the school organise the blood donation camp. After the completion of the blood donation, the Director thanked and appreciated everyone present in the camp. The day ended with the National Anthem and a heartfelt vote of thanks from the Director of the school.
