

## Detailed Report

**Activity- “Swachh Bharat Abhyaan Diwas Celebrations”**

**Scheme- Swachh Bharat Abhiyan**

**Organized by- Rising India Agra Unit and Eshan College, Farah**

Cleanliness promotes hygiene, it improves hygiene level and also helps to reduce the spread of sickness, maintaining a clean college environment sets a good example to students. Cleanliness encourages learners to take pride in their living place, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. Cleanliness gives rise to a good character by keeping body, mind, and soul clean and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and internally.

Eshan College of Engineering has organized a “**Swachh Bharat Abhyaan Diwas Celebrations**” (**Cleanliness Camp in Eshan & link Road towards Shahzad Pauri**) with Rising India, Agra Unit. This was to educate and to promote civic sense among students’ community. Students went to all the classes and briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottle, paper cups, tissues, and many unwanted things on campus Lawns, Library, cafeteria, umbrella canteen, garden, sitting Area, corridors, class rooms, pathway and other open areas which is very unhygienic to all of us. They were also informed to make the college campus & class rooms a beautiful place for one and it makes individuals healthier when the environment around them is healthy.

Volunteers of the college conducted cleanliness drive under the supervision of Programme Officer Dr. Pankaj Sharma and able guidance of Dean Academics. The students cleaned the area and collected plastic garbage from every nook and corner. They also carried out a campaign on ‘Say No to Plastic’ and emphasized to make the village plastic free. Around 262 volunteers participated in this cleanliness drive. This effort made students extremely sensitive towards the environment they survive and get knowledge from.
