

Detailed Report

Charity Activity- "Swachhata-Hee-Sewa (SHS): A Special Cleanliness drive"

Scheme- Social Welfare

Organized by- Eshan Club

Cleanliness is an excellent habit. It is taught to us by our parents, teachers, and elders. There is also a famous proverb saying, "Cleanliness is next to Godliness." We must keep our environment clean. We should keep dirtiness away as it has terrible effects on our health. If we keep the places around us clean, we will also feel good about it, and as well as our elders will also be happy. If we lead a healthy and clean life, we can become successful too. Cleanliness is a vital virtue of life, and it, along with personal hygiene, is part and parcel of the lives of the students. It is advantageous in many ways, and the prime one being it helps to keep an individual healthy. Our college organized **"Swachhata-Hee-Sewa (SHS): A Special Cleanliness drive on Grand Trunk Road from Farah to Eshan College Campus"** under Swachh Bharat Swasth Bharat Abhiyaan Programme.

The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. Under this programme, 145 pupils participated. Even teachers were the essential part of this drive. As a part of this Cleanliness Drive, we had to clean the nearby areas and premises while the sweepers had to be the observers. Our faculty started the programme by cleaning the nearby area of the road. Then the teachers and students followed suit. Some picked brooms and some of the students cleaned Grand Trunk Road. Others joined and started picking wrappers lying scattered there. After collecting, they threw them in to the dustbins. After doing this job for two to three hours, all the participants reached college premises and assembled in the seminar hall. They were given refreshment in the form of fruits.

Thereafter, our respected Director delivered a speech telling us the importance of sanitation. He also honoured the sweepers of the college for their noble job. In the end, all participants took oath of keeping their homes, locality and city clean. It was a unique experience for all. They were curious to be the part of this great drive that had power to transform the face of our country for ever.
