

THE ESHAN TIMES

“The World Is Evolving Rapidly And So Should We”

- Saksham Agarwal

CHAIRMAN'S MESSAGE

'सा विद्या या विमुक्तये'

CA SAKSHAM AGARWAL
CHAIRMAN ESHAN GROUP

"The World is evolving rapidly and so should we"

The pace of change is indeed so fast that almost everything seems to be in the transformation mode. There is no exemption even in the education domain. The evolution of the digital learning platforms has a huge impact in the educational institutions. This change in the mode of education is the need of the hour & the students are getting more comfortable with the online mode and at Eshan, we are committed to meet the educational needs of the students. Goal is to upskill, it doesn't matter how it happens.

I am happy to note that the college is constantly redesigning & integrating technology with teaching and is catering to a generation that has grown up with new technology. We need to prepare the students for the modern world.

Our former President APJ Abdul Kalam asked,

"Can we make an education system which will retain the smiles on the faces of our children throughout their education?"

We are committed to meet this challenge.

It is always a pleasure to address you, share my vision for the college and seek your cooperation towards realizing the same.

Best Wishes!!!

Dr.Faize Ali Shah
(Dean R&D Eshan College of Engineering)
Department of Management

Dear Readers,

"The start of something different or unique brings hope of something Excellent."-Dr.Shah

An ardent welcome to the fifth edition of The Eshan Times (April '22- September '22). Year 2022 is about to pass and it's time to reconnect with ourselves and realise that we have so much to be grateful about. The Editorial Board is indebted for a warm response of the previous newsletter. The Board acknowledges consistent provocation and support by the Management. The determination of editorial team and management team has motivated us to present the current issue which features a miscellany of academic and co-curricular activities. This edition would not have been possible without the laborious and precise work of Jobaaj Group members who have put in great efforts and judiciously aided us all the way. Last six months have passed in the blink of an eye, suffused with proud associations and dynamic on-campus activities. This newsletter will not only take you down the memory lane, but also will help you to relive the memories. Eshan is on the path of growth and development. It is a tribute to self-recognition and uniqueness.

Members of Editorial Team
May I wish you a good fortune for your future.
I wish you to your days and bring you a lot of happiness.
Blissful reading..

Peace is always beautiful - Walt Whitman

Wars are merely meaningless while peace provides permanent serendipity where life may flourish. Human history is full of vendettas, civil wars, crusades, wars between two nations, and world wars. Some lunatics charged with utter selfishness have tried and to a great extent destroyed civilizations.

Take the example of the present Russia-Ukraine conflict, whatever may be the reason, what is the use of winning Ukraine now? With all its beauty and charm that was preserved for many years in the cradle of peace, gone!

Peace makes things likable and presentable and peace is the state (either of mind or between two nations) that develops creativity and brotherhood. The development is either of the mind or of the nation.

People are freer to travel to whatever place they want without fear of bloodshed when there is peace. Cultural interactions are also aided by world peace. People can freely engage with one another and learn about diverse cultures from others.

Last month I read a play written by American Playwright Arthur Miller which was published in 1947. The title of the play is "All My Sons". Once I read it whole, I found the title so meaningful and war so meaningless that it pursued me to think constantly for two days about the futility of the war. It is about Joe Keller, a successful businessman, who has failed to fulfill his social commitments and has failed to see the importance of society after being blinded by a hunger for money during the war.

Peace has a humanitarian approach and it is close to love and care and is needed by every single human for his social, mental, economic, and intellectual development. When the people of a nation are intellectually developed and have good economic security, that nation becomes great.

War may appear important and inevitable but in the end, there is nothing glorious in it. For a happy and healthy nation or world, peace is the tonic that has all the supplements needed for the constant growth of humanity.

In the end, there is only one realization, that the utility of war is just the futility of war as peace is the main reason behind the smiling faces, the fine greenery and birds chirping, the rivers flowering with golden shining water, and peace is the testimony of Nature and culture.

**THE PEACE: FROM
UTILITY OF WAR TO
FUTILITY OF WAR**

Can we achieve this by 2025?

Everyone will remember it well when the covid wave began to fade away in the country, India saw a radical transformation in its corporate structures and the overall economy. A wave of startup culture washed over the country and as a result, we got to see the rise of some pretty amazing startups, some of which went on to become Unicorns. Moreover, this year, as a country we have also achieved the accolade of having 100 unicorn companies in our midst.

This along with many other factors make me wonder if India might actually become a 5 Trillion dollar economy by the year 2025, as projected by our Finance ministry and the Honourable Prime Minister's government.

What helps our cause is that India is already one of the fastest-moving economies in the world. However, recent geopolitical situations like the international trade disruption and the global energy crisis have put a lot of pressure on our higher structures to maintain the country's economy, and at the same time sustain the shortage of supply caused by the said trade disruption.

With the way the government is tackling these problems, it seems that the country might very well counter the situation and get back on its rapid path of economic development. Just recently, the IMF (International Monetary Fund) also forecasted that India's vision to achieve the \$5 trillion mark might actually be delayed by 4 more years, (by the year 2028-2029) considering the current situation, and economic growth rate.

The country's authoritative structures will be doing everything they can to sustain the economic growth we aim to achieve. But as individuals, we might be able to provide a greater contribution to the economy if we dedicate our hearts to it.

In the end, we must remember, that nation-building has always required collective effort.

As quoted by Alexander the Great,

"Remember, upon the conduct of each, depends the fate of all"

**INDIA- A FIVE
TRILLION ECONOMY**

Er. Rakshit Vig
Data Analyst - Cargil

Er. Shiva Vashishtha
Associate Director

Why Indian Students need to immediately delve into data ?

Recent years have been eventful to say the least. We all are well aware of the chaos created by covid and its impact on the Indian economy. It has left the business world in an unpredictable condition where nothing is certain. This is where the importance of data literacy comes into play.

A bit more than a decade ago terms like data analysis or data science were new to a considerable part of the population. While understanding and gaining familiarity with these we have come across a broader term, data literacy which is going to be the backbone of every business within a very short time.

Data literacy if put into the simplest order of words can be understood as: The ability to read, write, and communicate data in a meaningful context that can be used for forecasting and developing effective business and time management strategies

The success of using analytics to make decisions within organizations is dependent on data literacy. Through internal and external training sessions, businesses are directing initiatives aimed at improving data skills.

India is struggling in this race. According to Accenture and Qlik's report titled 'The Human Impact of Data Literacy' Employees' lack of data literacy could cost Indian businesses up to Rs 33,216 crore in lost productivity.

The report focuses on the value of data and the barriers that prevent businesses from becoming fully data-driven. It discusses employees' attitudes toward data, emphasizing the skills needed to work with data and how confident workers are in putting it into practice.

Businesses, on the other hand, are becoming more aware of the growing need for data literacy and are investing in it across the board. Data-based literacy initiatives have been implemented in their entity. Data literacy is undeniably the starting wheel of any business, and it will guide the future business world.

And students should readily take personal initiatives to make themselves Data Literate!

Gaurav Garg
CTO - Jobaaj.com

Artificial Intelligence will massively change the country by 2035, here's why

A lot of you might have recently across videos of famous (but long-dead) people moving and being life-like.

What made these videos surprising was that the people in those videos belonged to a time period that definitely did not have a video camera!

Upon further inspection, you might have found out that these realistic-looking videos are actually generated with the use of AI.

Artificial Intelligence as a domain has picked up quite a lot of speed in the Indian business scenario.

In 2018, startups witnessed a growth of 108% in India. And Artificial Intelligence was the fasted adopted domain in the industry, mostly because of its multi-utility and efficiency.

Today, modern AI tech can be used to perform colorization (converting a black and white picture to a colored one with high accuracy), image super-resolution (using AI to scale up the resolution of an image artificially making it possible to clearly see details that weren't visible by normal zooming), face 3D reconstruction (literally reconstructing a human's face from scratch), and so much more!

It is evident that Artificial Intelligence holds vast potential to transform the way we have been performing various activities, from receiving education to managing businesses, everything can be made more optimized and efficient using AI.

And you should know that our country has been doing its best to make sure that we keep up with the global development in the field.

In June 2018, NITI Aayog created a national report for Artificial Intelligence in India. The report provided an introduction to the roadmap and the government's plan to build the sector in the nation.

Indian students hold the potential to achieve globally competitive expertise in any field, and Artificial intelligence is no different.

With the way, the Indian startup culture is rising, and Indian students and professionals are adopting newer technologies,

I can envision a future where Indian students will be leading the AI transformation in the whole world!

Let's work hard to make this vision, a reality

Unraveling The Myths behind Data Science

Microsoft-certified Data Analyst and instructor, Rakshit Vig, in conversation with Eshan Group's chairman, CA Saksham Agarwal. The duo discusses the booming data industry in India. They discuss its aspects, scope, and how any individual from any industry can switch to the field of data science with the right approach.

Instructor Rakshit Vig starts out by explaining how there has been an exponential surge in the data being generated in the digital space right now. Earlier most data could be analyzed in a simple excel file or by a person, but now with so much data flying around, you can't expect to even understand it without data analysis technology.

With so much data being generated about consumer behavior and market trends, companies need people who can manipulate, torment, and torture all this data to extract meaningful information out of it which could help companies make decisions. These are also known as data-driven business decisions.

Instructor Rakshit Vig explains this with the example of Netflix. "It is a highly data-driven platform. They actually track at what point of time are you logging in, on what day, and at what point of time are you leaving a particular show. They take all this information to improve their interface and ensure that customers stay stuck to the platform"

The best thing about the data industry is that anyone can start as a beginner and work their way to the top. Of course, individuals from technical backgrounds will have an advantage, but non-tech people can also cover the gap with just a bit of work.

The conversation also revolved around the future of the data industry, data science vs data analytics, and various other topics.

Holi celebration at Eshan City Office

There is no other festival in the world like the jovial festival of colors, Holi! that could work as a stress buster .

After a year full of incredible work, Holi was an opportunity to have a day of incredible fun.

And that's exactly what our Eshan City Team did!

Above is a glimpse of the explosive celebration of the festival of colors by our very amazing, very talented team in the city working to improve the educational experience for you all.

Comprised of young and talented minds much like yours, the city team is there to ensure that the students of Eshan college get solutions to all their problems and get expert counseling!

**HOLI
CELEBRATION**

EMPLOYEE ENGAGEMENT

Having fun at work

HELLO 2022!

College Management & all the faculty members welcome the year 2022 with great enthusiasm & relishing tasty food following the COVID protocols. The fun filled celebrations in the seminar hall of the college campus commenced with melodious song, beautiful poems & concluded with special wishes for the new year by Chairman CA Saksham Agarwal. The Program was hosted & managed by Assistant Registrar Mr.M.S.Senger.

Hues of Holi @ Eshan

From Splashing colours to dancing their hearts out & enjoying delicious food, College Management & all the staff came together for Holi celebrations in the campus following COVID protocols. The celebration kick started with the short video giving the beautiful message of playing Holi with all. Many staff members performed on the occasion, where a beautiful poem was also delivered by Management Trustee. The Program was hosted & managed by Assistant Registrar Mr.M.S.Senger & supported by Activity & Cultural Team.

#She the Hero

It was a Women's Day worth remembering at EGI! The highlight of the day was students & the faculty members came together for the celebration of the day by few performances, sharing their experiences, remembering the contribution of females in Eshan by a beautiful video etc. Management Trustee of the group Mrs. Manjari Agarwal make the day special by hosting tasty refreshments, dessert & giving them the gifts. The Program was hosted & managed by Er.Charu Sharma, Assistant Professor (EE).

SWACHH ESHAN MISSION

If you see a mess... Pitch in and clean it!

Cleanliness Drive was organized by the college under Swachh Bharat Abhiyaan (initiated by Government of India) on Gandhi Jayanti. This drive helped students to actively ensure & know the importance of cleaning one's surroundings. All the college Staff were also the essential part of this drive. As part of this drive, we had to clean the whole college. The housekeeping staff was given the gifts by the college as token of appreciation for their daily & wise efforts. Chairman CA Saksham Agarwal told the students to always go for clean & green environment.

We just leveled up!

GRAND OPENING CELEBRATION!

CADD Centre:

An Education for the Modern World !!!

The Inaugural Ceremony of the Highly advanced software-equipped CADD (Computer Aided Design and Drafting) lab & centre was done by Shri. T.R. Sharma, Joint Director, Ministry of MSME, Agra These machines are equipped with CPU/GPU/RAM/Motherboard to handle software of commercial level necessary for the students to have industrial domain base training under the guidance of Mr. Rajan Khare (CADD Industrial Expert). Chairman CA Saksham Agarwal shared his words of wisdom & advised students to keep pace with the fast-changing technology.

ESHAN SPORTS ACADEMY:

For the love of the game

The Ceremony took place on 21st February 2022 Mr. K.K. Sharma, Former Cricketer graced the occasion as Guest of Honour & Mr. K.K. Upadhyay, Cricket Coach & Former IPL Player as Chief Guest of the ceremony. The Academy has 8 Courts namely Football, Kabaddi, Cricket, Badminton, Kho-Kho, Volleyball, Handball & Athletic field. To make this ceremony a live event 3 cricket matches were played. In the first match Eshan Red Sun have won against Eshan Blue Ocean. Man of the Match was Aman Kumar. In the other match which was played between Bhavya Technical Team & Eshan Red Suns. The latter became the winner. At the end, two teams were formed clubbing the faculties of Eshan & Bhavya College to play the fun match where the team under the captaincy of Mr. Vinay Gupta won the match.

The Organizing Committee of the Event was Ms. Akriti Mittal (Head, Activity & Cultural), Mr. Ajit Singh (Sports Coordinator), Mr. Ashvini Shrivastava, Mrs. Heena Gupta, Er. Priyanka Asthana, Er. Neetu Rani, Er. Vinay Pratap Singh, Er. Naresh Kumar & Er. H.K Sharma.

BEGINNERS GUIDE: THE ORIENTATION PROGRAMME

A ten-day orientation program was organized for the students (MBA, B.Tech, Polytechnic, BBA and BCA) of the Academic Session 2021-2022. It started from 18th-30th October 2021. The programme commenced with a warm welcome followed by the ceremonial lighting of the lamp. Chairman of the Group shared his words of welcome to the new students. **Mr. Suryakant Agrawal (Chief General Manager, BSNL)** was the Chief Guest for the inaugural of the program.

*New Class, Fresh Faces, a
New Batch Embraces!!!*

The Purpose of the Program was to make students familiar with the college environment, culture & to help them build bonds with other students and faculty members.

Each day was divided into a variety of activities, which were a combination of learning & fun. Universal Human Values, Placement Statistics, UIIC portal, listing various training schedule, Sports like carrom, table tennis, volleyball, cricket etc. Fun Activities like Treasure Hunt, Balloon Competition, Tambola etc. Visit to Guru ka Taal & Keetham Lake, Agra, literary work, lecture of eminent speaker were the main modules of the program.

New Class, Fresh Faces, a New Batch Embraces!!!

- ✓ Mr. Arun Kumar Saxena (Scientist & Director, ADRDE, DRDO)
- ✓ Dr. Renuka Dang (Renowned Dietitian of Agra)
- ✓ Prof (Dr.) Sanjeev Sharma (Mathematician and Former Director.)
- ✓ Er. Shiva Vashishtha (Associate Director and Data Science Trainer at Jobaaaj.com)
- ✓ Dr. Pankaj Sharma (Director, ECE) who addressed the students on Cryptography.

A Tree Plantation Program was also organized in association with 'Shri Harihar Foundation', an NGO working for environmental safety and plantation. An Industrial Visit to Tej shoe factory was also organized to make students aware about the industry culture. It came to an end with the Havan ceremony to Mark the beginning of academic session followed by Rangoli Making & Diya Making competition. The Program was organized by Dr. S.K. Gautam and Mr. Vinay Gupta. The Student's Mentors for the programme were Er. Vineet Arora & Er. Charu Sharma.

**BEGINNERS GUIDE:
THE ORIENTATION
PROGRAMME**

A Time to Shine ...

आत्मनिर्भर भारत

@ IDEATHON"21:

Tech-benchers Community of the college organized two days “IDEATHON-21” event from 28th -29, December 2021. The event Challenge Mission was to present their innovative ideas by solving one or more of the 17 Sustainable Development goals. Hereby to this, participants presented their ideas respectively on Medical Drones, No Poverty, Quality Education, Life on Land, Sustainable Cities etc. **Winners** for this were Purnima, Ayushi Pal and Divyanshi Pal (B.Tech CS II Year), 1st runner-up were Deepti Gola and Hitesh (MBA I Year) & 2nd runner-up were Arpit Goyal and Devpriya Jadon (BCA I Year). Quiz Session was also organized where each participants received goodies for scribbling the answers.

In the event, speakers were the influential folks & allies who took sessions on various worthy topics. **Ms. Monika Gambhir (Resume Strategist)** took the session on “Resume Building”. The key speaker for the other session of the day **Mr. Michael Rada (Founder & CEO, Industry 5.0 from Czech Republic)**, shared some of his real-life examples where he re-utilized the waste material to earn ten times more profit than the traditional approaches to handle the scrap.

Ms. Mishka Rana (LinkedIn Strategist & Twitter Marketing Expert) delivered her talk on “Social Media for Personal Branding”. She provided tips of how to increase the visibility of social media platforms in the eye of the employer & also provided learning on handling of LinkedIn. Another Speaker for the event, **Ms. Bouchra Al Halmuni (Founder Boxra)** emphasized on exploring the inherent characteristics via her topic “All humans are unique”.

Chairman **Saksham Agarwal** expresses gratitude to the sponsors of the event, **Skill Lync, Coding Blocks, Coding Ninjas & Geeks for Geeks.**

SHAPING THE FUTURE

Let's Talk!

Union Budget-2022:

The Hon'ble Minister of Finance of India, Nirmala Sitharaman Presented Union Budget 2022-2023 on February 1, 2022, in the Parliament. The live screening of the presentation was organized in the college which was attended by all faculty members and students of MBA. Followed by this, the other day it was well explained by Chairman CA Saksham Agarwal via Video & also by handouts & then this was followed by question answer session that was handled by Department of Management, Mr. Vinay Gupta (HOD), Dr. Faize Ali Shah & Mr. Anurag Verma. This session has helped the students to increase their understanding about the budget and its impact on various sectors of the Economy. The Program was hosted & managed by Mr. Vinay Gupta (HOD) & Ms. Akriti Mittal (Faculty, Management).

Career Guidance Workshop:

“Career Guidance Workshop” was organized for the students under Mr. Aditya Tandon, Software Development Manager, Amazon, Seattle Headquarters, USA. He has given the valuable inputs about the industry & also briefed students about the roadmap for having successful career, tips for handling interview, importance of attending regular classes etc. The students were quite curious & asked lot of pertinent questions.

Where theory meets practicality...

Computer Science & Engineering: Operating System for all Innovations

A two-day Industrial Tour was organized by the Department on 4th & 5th December, 2021 for the students of B. Tech (III Year and IV Year), and Diploma (II Year and III Year). Tour was a complete package of learning & recreation. Students visited company named Apron Solutions Pvt. Ltd., Noida which help them to learn networking & also visited beautiful places in Chandigarh. A group of 34 students accompanied with faculties Er. Shiva Gupta, Er. Priyanka Asthana, Er. H.K.Sharma & Er. Kuldeep Singh.

Electrical Engineering: Empower you against Electrical Hazards

Department of the Electrical Engineering carried out an Industrial Tour on 10th & 11th December, 2021 for the students of B.Tech. (III Year and IV Year) and Diploma (II Year and III Year). A group of 40 students along with Er. Rajeev Shankar Pathak (HOD); faculty Er. Charu Sharma, Er. Gaurav Sharma & Er. Ashish Gupta visited the BHEL, Haridwar being one of the largest manufacturing companies of India. The objective was to make the students aware of the entire manufacturing of the Turbines used for Hydro-electric power Plants in India.

Students also enjoyed the serene beauty of the city & the most attractive tourist place- Rishikesh.

Where theory meets practicality...

Mechanical Engineering: No gears No Life

Industrial visit for the students of Mechanical Engineering was conducted under the aegis of faculty member of the department, Er.Arun Kumar and Er.Gopal Sharma at ATV Projects India Ltd. on 17th February, 2022. This visit was made with the purpose to give exposure to the students on fabrication from the viewpoint of covering the aspects of various primary, secondary, and tertiary manufacturing processes. In continuation with the visit, students were given placement offer by the company. Subsequently, placement drive was conducted, and two students Farha Khan & Ankit Kumar were finally selected to kickstart their career in core manufacturing sector.

Civil Engineering: You Dream it, We build it

An industrial visit to 144 MLD Water Treatment Plant, Agra was organized on 27th November, 2022 for the final year students of Diploma Civil accompanied by Er. Anuj Verma & Er. Naresh Singh, Faculty of the Department. Motto behind this visit was to make students learn about the process of water treatment & also about the moving bed biofilm reactor. Mr. Kumar, Plant Head guided the students throughout the visit.

A Bright Talk...

SKILL UP WITH SEMINAR

- An interactive session on “Investigation in modelling spatial extent of sound sources in virtual reality” was organized on 26th February 2022 by the Department of Electrical Engineering. The Expert Speaker of the webinar was *Mr.Suraj Khan, Doctoral Researcher (Katholieke Universiteit, Leuven) (University of Leuven, Belgium)*. The objective of the webinar was to make students aware about the modelling effect created by sound system in virtual reality.
- Internationally acclaimed management, and motivational speaker Dr. Rajeev Puri from Mumbai conducted a motivational session on “Transform to Perform using tenets of Transformational Leadership” on 25th November, 2021 for all the students at the college. He took the examples of leaders from famous companies, highlighting the cases of TATA & Royal Enfield, discussed the leadership qualities of Mr. Kapil Dev, how he created historic win in 1983. He supported his session by narrating the example of the War happened between India & Pakistan i.e., Battle of Longewal & many more. It was an informative session and was well praised by the audience. The Program was organized by Activity & Cultural Team.

“A Good leader knows his team well. The Team Makes the leader. If your team members have respect for you, then the team will always provide the best in them.”

- Mr.Kapil Dev, Former Indian Cricketer-After the historic win of World Cup '83

Our Small hand to make you large ...

A step ahead is taken towards the skill-based education where college signed MoU with MSME (Micro, Small and Medium Enterprises)-Technology Development Centre (PPDC), Agra. It was signed between the Mr. M. Ganesh, Assistant Director; MSME & Dr. Pankaj Sharma, Director, Eshan College of Engineering, Dr.Faize Ali Shah, Director, Eshan College of Management, Mathura for imparting training & research to the students.

Training@ MSME:

In continuation with the association, B.Tech and Diploma final year students of ME & EE(only for Diploma final year) underwent training of approximately 45 days in hybrid mode (online and offline).ME students got training on CNC Milling & EE Students on SOLAR PV .Faculty Mr. Arun Kumar(ME) &Mr.Kuldeep Singh(EE) coordinated for the aforesaid training.

TRAINING TESTIMONIALS

Practice to perfect...

Training being the essential part in the curriculum help the students to assess themselves & in achieving fruitful results. Training was conducted smoothly under the guidance of Training Head Mr.Vineet Arora, Training Coordinator Mr. Dauji Agarwal. Below is the list stating each one of them:

- Regular one month of mock GD/PI session was conducted during November - December 2021 to cater to the needs of placement activities for the students. The broad objectives are to develop the knowledge, abilities, communication skills & professional qualities among the students. The whole of the training and placement department contributed to the aforesaid training session.
- The curriculum for training was developed for persistent development of the students & to enhance their skills by conducting online mock test on Verbal ability, numerical ability, reasoning ability and logical reasoning. The module for these trainings is specifically geared to support the technical aspects of the placements. Students also went through the “Mission Campus” modules focussing on how to adapt oneself with corporate culture.

The other departmental trainings conducted are as follows:

- Training on AutoCAD was imparted to students of final & pre-final year of B.Tech & Diploma (ME& CE) from November,2021 to January,2022.This covered the basic aspects of 2D modelling to meet the requirement of Industry for the placements. The Resource Person for the aforesaid training was Er. Rajan Khare (CADD Industrial Expert).
- Training for MATLAB was conducted for the students of B.Tech III Year (EE),where students learned about the basic circuit, control tool design etc. They also learned to control the system with software. The Resource Person for the training was Er. Ashish Gupta (Faculty, EE).
 - For the students of B.Tech III & IV Year(CSE),training on python language for approximately 30 hrs was conducted under the guidance of Er. Rashmi Jain & Er. Ritu Sharma. Modules covered under this training are utility of python language, way of designing python applications etc. Another module of the training touching the aspects of DBMS which started from February, 2022 for approximately 20 hrs was taken by Er. Ritu Sharma.
- Another training for B.Tech III Year (CSE) on C++ was started from 8 March, 2022. The Resource Person for the same are Er. Vyom Kulshreshtha & Er. Priyanka Asthana.

Unfolding Opportunities...

Placement Cell activities for 2021-22 comprises of the few pool campus drive in association with AKTU-UIIC & few on-campus & one off-campus drive. All the drives were successfully conducted under the aegis of Placement Head Ms. B.Sumbal, Placement Coordinator Ms. Charu Sharma & all the other Branch Placement Coordinators. Highlights of the drives are:

Pool Campus Drives

We are again here with the two inspirational stories of our alumni told in their own words:

एक कहानी - ज़िद , जुनून और जज्बे की |

Er. Rahul Yadav
Site Engineer
Vijay Construction
Batch- CE 2019 Passout

“कौन कहता है आसमान में सुराख नहीं हो सकता. एक पत्थर तो तबीयत से उछालो यारो |”

किसी ने सच ही कहा है कि धैर्य, लग्न तथा कठिन परिश्रम से मुश्किल से मुश्किल काम को हासिल किया जा सकता है।--- मेरी कहानी भी कुछ यही बोलती है।

एक कहानी ऐसे बच्चे की जिसने गांव की अंधेरी गलियों से शहर की चकाचौंध रोशनी तक का सफर तय किया। यह कहानी मेरी है मैं राहुल यादव, जिला-जौनपुर, उत्तर प्रदेश के एक छोटे से गांव का निवासी हूं। मेरे परिवार में मेरे माता-पिता तथा दो छोटे भाई हैं। क्योंकि ग्रामीण परिवेश में रोजगार की कमी के कारण। मेरे पिता को बहुत पहले घर छोड़कर रोजगार की तलाश में बाहर जाना पड़ा। मेरे पिता मुंबई में आटा चक्की पर काम करते हैं। घर में बड़े होने की वजह से परिवार की जिम्मेदारी मुझ पर थी। मैंने अपनी हाई स्कूल तथा इंटरमीडिएट तक की पढ़ाई गांव के पास के ही स्कूल से की तथा उसके साथ ही मैं खेती का काम भी किया करता था। इसके बाद मैंने अपने भाई के माध्यम से ईशान कॉलेज ऑफ इंजीनियरिंग, फरह, मथुरा में प्रवेश लिया। संस्था के चेयरमैन श्री संजय अग्रवाल जी बहुमुखी प्रतिभा के धनी व्यक्ति हैं तथा उनका हमेशा यह प्रयास रहता है कि गरीब तबके के बच्चे को अच्छी से अच्छी शिक्षा दी जाए। कॉलेज के पूरे कार्यकाल में उनके द्वारा मुझे आर्थिक रूप से काफी सहयोग मिला। सुबह प्रातः काल उठकर खेती का काम कर मैं नियमित कॉलेज आता था और सारी क्लास लेता था। संस्था से मिली शिक्षा की वजह से मैं आज विजय कंस्ट्रक्शंस, एमपी में उच्च पद - *Site Engineer* पर कार्यरत हूं। मैं संस्था के चेयरमैन श्री संजय अग्रवाल जी का तहे दिल से शुक्रिया करता हूं। जिन के सहयोग की वजह से मैं आज यहां तक पहुंच पाया।

मैं संस्था के उन्नत भविष्य की कामना करता हूं।

Er. Rohan Singh
Manager
Statcon Energia Pvt. Ltd
Batch- EE 2020 Passout

सपनो की उड़ान ।

मैं एक आम मध्यम परिवार से हूँ। मुझे बचपन से ही चीजों को ठीक करने का शौक था और यह सब देखते हुए मेरे पिता जी का सपना था कि मैं इंजीनियर बनूँ। पर घर की ज़िम्मेदारियों को देखते हुए ज्यादा फीस दे कर इंजीनियरिंग कर पाना मुश्किल था। कुछ कॉलेज में प्रवेश के लिए कोशिश की, लेकिन फीस को देखते हुए सब कुछ बहुत नामुमकिन सा महसूस होने लगा था। मैं बहुत परेशान था कुछ दिनों तक मुझे नींद नहीं आयी। एक दिन मैंने अखबार में ईशान कॉलेज ऑफ इंजीनियरिंग, फरह, मथुरा का विज्ञापन देखा और कॉलेज जा कर अपनी समस्या संस्था की मैनेजिंग ट्रस्टी श्रीमती मंजरी मैडम को बताई। उन्होंने मुझे बहुत कम फीस में पढ़ने की अनुमति दी। यह मेरे लिए जीवन का विशेष पल था। पारिवारिक स्थिति की वजह से मैंने पढ़ाई के साथ रात में नौकरी भी की। दिन में रोज़ाना कालेज और रात को रेस्टोरेंट में वेंटर की नौकरी की और अमर उजाला ऑफिस में मजदूरी भी की। ढाई साल तक मात्र 3 से 4 घंटे सोया। कभी ऑटो में तो कभी कॉलेज में भोजन के मध्यान्तर नींद पूरी करता था। इस दौरान मैं बहुत बार रोया, थका पर रुका नहीं। और इसी बीच एक दिन मेरा बड़ा एक्सीडेंट हुआ और मैं 15 दिन हॉस्पिटल में रहा उस टाइम पर मैं 36 घंटे सो नहीं पाया। बाद में मैंने *Electropower Technology Pvt. Ltd.* में इंटरव्यू दिया और 2 दिन बाद ही कंपनी से प्रस्ताव पत्र आ गया। आज मैं भारत की अब्बल प्राइवट पावर कम्पनी *STATCON ENERGIAA Pvt. Ltd.* में मैनेजर हूँ। आज सोचता हूँ कि अगर उस टाइम मैं हार मान लेता तो मजदूर ही रह जाता। मैं सदैव अपने परिवार और मंजरी मैडम का आभारी रहूँगा। आज इस माध्यम से मैंने अपने जीवन के कुछ अनुभव साँझा किए और आप सबको यही कहना चाहता हूँ "ज़िन्दगी में विपरीत परिस्थिति बहुत आएंगी पर हमको हिम्मत से काम लेना चाहिए। इरादे मजबूत बनाओ, कल बेहतर बन जाएगा।"

Linking learning to Fun ...

To make learning fun & last forever extra-curricular activities play an important role in holistic development of students. For these 5 clubs consisting of student's coordinators was formed namely: Literary Club, Art & Photography Club, Social Service Club, Cultural Club & Sports Club. The Committee works under the aegis of Ms. Akriti Mittal (Head), Mr. Ajit Singh Chauhan (Sports-Coordinator) & all the branch coordinators Mr. Ashvini Kr. Shrivastava, Er. Vinay Pratap Singh, Er. Neetu Rani, Er. Naresh Kumar, Er. H.K.Sharma.

Here are the list of activities happened:

On 22nd October,2021:

Best Out of the Waste Competition:

Creativity is making Marvellous out of the discarded!!!!

In today's scenario, recycling has a very important place. Creative & imagination minds participated in the competition in great number & utilized the best from unwanted things right from Pista shells to ice-cream sticks, plastic bottles, disposable glass to old newspaper etc. It was a delight to see how scrap could be transformed into selfie points, Waterfalls, Clock & many more.

Tug-of-War Competition: Deep Fun

This popular sport was organized both for the Boys & Girls. Every department have their own team & the match was completed in best out of the three pulls. All in all, it was a competition full of fun & frolic.

Linking learning to Fun ...

Poster-Making Competition: Drawing the Memories

The students displayed their artistic skills through posters on the theme of showing the history of their respective department in Eshan from inception. This was also to gauge their awareness quotient.

On 25th November, 2021:

Photography Competition: #JustGo&Click

Students got the opportunity to exhibit their photography skills. The theme was to capture any picture/picture's that present the beauty of the place where they reside with a string of words that depict the idea/thought behind the picture. The photos were visually appealing & original as well as inspiring & relevant.

Carrom Competition: #The Right Strikes

This tabletop competition was organized both for the boys & girls to be played in Double's separately for their respective branch. Being a knockout competition, participants have to utilize the platform to the fullest. It was an Indoor fun game.

Linking learning to Fun ...

Laughter Challenge Competition: Laugh Lounge

College organized a competition of giggles & laughter, of chuckles & smiles & gave all the young student comedians the platform to tickle the audience with the best of their comic skills at the Stand-up Comedy. They received great appreciation & encouragement from the audience. The best break from the routine life is the laughter.

Cloth Distribution Drive: Ehsaas

On 30th December, 2021 college went out of their way to bring warmth to the underprivileged by distributing old clothes to kids, children's, women & men of nearby slum areas of Agra. The smiles on the faces of the little children & the shine in the eyes of the men & women totally justified the collection from the whole college & distribution with the help of an **NGO, Robinhood Army**. Chairman CA Saksham Agarwal expressed gratitude to the NGO for their courtesy & appreciated the effort of whole college for helping the needy people.

Republic Day: Azadi Ka Amrit Mahotsav

College celebrated 73rd Republic Day via online platform with great patriotic fervour on 26th January 2022. The programme commenced with the unfurling of the tricolour followed by the National Anthem. The Celebration included singing performance on patriotic songs, speech on the history & importance of Republic Day along with the presentation of those people who played important role in the formation of constitution of India. More than 150 students and Staff members attended this program.

Linking learning to Fun ...

Basant Panchami:

“पीले पीले सरसों के फूल, पीली उड़े पतंग, रंग बरसे पीला और छाये सरसों सी उमंग।जीवन में रहे सदा बसंत के रंग।”

Basant Panchami is one of the most popular festivals that is celebrated with full fervour & enthusiasm across the country. This festival marks the arrival of the spring season where Goddess Saraswati, the goddess of Knowledge, is worshipped. On this Occasion, on 5th February, 2022, Saraswati Pooja with Vandana was performed at the college premises. After the Pooja, Prasad was distributed among all the staffs & students. On this auspicious occasion, Kite Flying Festival was held. Faculties & Students enjoyed themselves immensely by flying colourful Kites. All in all, it was a day well spent & everyone had a great time.

Talk Show: Election Mood

An informative talk show was organised where students participated as the representatives of four parties BJP, SP, Congress & BSP highlighting their party manifesto, what work they have done in the past stating the facts etc followed by “Janta kai Sawal “. The talk show was a great success & concluded with our Chairman Sir’s motivational speech urging the youth to vote & play their role as responsible citizens of India.

Celebrating Eternal Legend # Lata Ji

Our heart was filled with gratitude & humility while giving tribute to Lata Mangeshkar Ji for her excellent contribution to the Indian Film Industry. Students created a mesmerising atmosphere by singing her classic songs & video was played honouring the life journey of this true gem on 8th February 2022. She will rule her hearts forever.

Love & Respect

Lata Ji forever.....

College organized the first ever EPL (Eshan Premiere League),2022 which started from the Auction of the players (based on virtual money), in which six teams bided representing each department of the college. All the teams made some smart buys in the auction. The interesting thing was that at least one girl & faculty of the respective department was there in the squad of playing 11. With approx. 65 players shortlisted to go under the hammer. Aman Kumar attracted the topmost bid of Rs.17500.

After the Auction, the thrilling three-day league was on from 2nd March to 4th March,2022. Two groups were made each having three teams. Being the Knock -out battle, Team Civil Samrat by beating Team Management Strikers by 9 Wickets & Team ME Warriors by beating Team CS Rising Blasters by 4 Wickets reached the semi-finals. Team Applied Lions & Team Electrical Power Hitters became the other two teams to directly reach the semis after having byes. On the Day 2, Team Civil Samrat beating the Team Applied Lions by 40 runs & Team ME Warriors thrashing Team Electrical Power Hitters by 7 wickets reached the Finals.

Then comes the much-anticipated face-off Team Civil Samrat Vs Team ME Warriors for the finals. ME Warriors choose to bowl & become the unbeatable team of the tournament who took away the trophy for their handsome win by 7 wickets. Amit Kumar become Man of the Match for his match winning performance of 42 runs in just 17 bowls & also took 2 wickets. Players shared the heart-warming moment after the win.

The Program was managed by Activity & Cultural Committee. Kudos to the Sports Teacher Mr.Ajit Singh for bringing such enthusiasm among students. The Token of Appreciation also goes to the Pitch Curator, Ground Men, Squad of Umpires, Commenter's & other supporting staffs.

A Packet full of Memories

ESHAN MAHOTSAV: A FEST ON FIRE

Eshan Mahotsav-2022, a two-day long event held from 4-5th March, 2022 was engrossed with sports, irresistible music, fete savouring foods, drinks, magic & games. The program inaugurated with lighting the Lamp & worshipping Goddess of Knowledge Mata Saraswati. Welcome Committee was decked up representing Cultural Diversity of India. We had around 30 stalls of both food & games for both the days of the Mahotsav. Amongst the game stalls the most popular ones were Furfuri Nagariya, Pinball, Coin Throw, Candle etc. A large variety of food items with reasonable prices were served at the various food stalls. There was perpetual rush at the food stalls of Pizza, Chole Bhature, all-time favourite golgappa's, various Chinese foods, fruit-chaat etc. The shakes stall turned out to be a huge favourite.

The event also included magnificent sports extravaganza. Students participated in athletics sports having various races both for girls & boys like 100 M, 200 M, 400M, 800 M, 4*100 M Relay Race, fun race like lemon & sack race & Short Put with enthusiasm. Kabaddi kept specifically for the girl's got participation with great fervour & received greatest number of Audience.

A Packet full of Memories

ESHAN MAHOTSAV: A FEST ON FIRE

After that, Cultural Events started exhibiting fun, laughter, Drama on college life, Ramp Walk, Shayari, melodious songs, some beautiful theme-based dances showcasing Women empowerment, Cultural Diversity of India, Festival of Holi, Bollywood dancing, Madhuri Dixit hits & many more. Prize distribution was also held for various activities held during the semester including the Mahotsav competitions. Selfie Points became the main attraction for the students. The entire institute fraternity came together to celebrate the event. In the evening prizes of “Lucky Draw” was announced & was awarded by Management Trustee & Chairman of Governing Council. The first Prize was Carom Board with the stand.

The Second Prize was Badminton set along with box of Shuttlecocks; there were also five prizes on the third position consisting of bags for each. The Event came to an end with the beautiful DJ Eve, where all students, few of our alumni's & faculties rock the floor.

The Program was managed by Activity & Cultural Committee .Chairman of Governing Council Mr.Sanjay Agarwal appreciated the huge participation of the students.

Leading the Way....

It is always refreshing to read the college news in the Newspaper & feels great that the college is maintaining the upward momentum of positive work. The Snapshots of the coverage are:

ईशान कॉलेज में टीआरडीओ के निदेशक अरुण कुमार छात्रों से सख्त हुए।

सपने पूरा करने के लिए करें कठिन परिश्रम

आगरा। हमें अपने सपनों को पूरा करने के लिए कठिन परिश्रम करना आवश्यक है। भविष्य में तकनीकी में अपार संभावनाएं हैं। भारत सरकार की तरफ से ऐसी कई योजनाएं चलाई जा रही हैं जिससे तकनीकी ज्ञान को वास्तव में परिवर्तित किया जा सकता है। यह कहना था टीआरडीओ के निदेशक अरुण कुमार सक्सेना का। ईशान कॉलेज ऑफ इंजीनियरिंग एंड मैनेजमेंट में नए छात्रों के लिए दस दिवसीय
